Good evening team,

May I ask if you've already found a tenant for the flat? As you saw I'll be having the finance which I had to fight for and wanted to check my luck in a possible down payment and immediate move in tomorrow?

Hi Susan,

Thank you for your email.

Your tenancy at the property is currently £13,253.00 in arrears – please confirm if the finance you are receiving will be clearing the above debt?

Many thanks,

Hi Daniela,

You must have missed the email I sent to your team to be asking that question, as I have made myself very clear in the one with the authorities.

I wouldn't ask if the intentions wouldn't be to pay the debt to Dan directly as a sale not to Foxtons, as the first thing I'll do is terminate this contract. Not trustworthy whatsoever.

Is it free or not, so I can make my decisions of prioritising what gets spent first! Not sure if you were updated but I am homeless, so my priority is myself, cause otherwise you do not get paid. That's your commission isn't it? but there's also a lot of discrepancies, so really and truly Dan doesn't need to pay you. You lied countless of times, that's a wrong representation of your client and in doing so, if he will I'd happily be his meta-physical lawyer against you. I pay him your commissions and the sale and you pay for your negligence, misconduct, lack of internal organisation, as none of your agents knew when or who the others were coming to visit.. The recorded phone calls... There was a lot guys, don't hate me for simply reflecting to you your own lacks. Mine was only money.

Hi Susan,

Thank you for your email.

I'm sorry to hear your homeless.

Could you kindly stop including Foxtons into your emails regarding your blog?

Regarding the below, this is nothing to do with commissions. If you are looking to clear your outstanding rent debt, please do let me know.

Many thanks

No you're not Daniela, I know you don't carry compassion. I witnessed you doing that to others, but that's fine.

I think you should give yourself the preemption and read the content instead of looking at where it's been delivered. I wouldn't be putting you in an email with all those names if not for something serious.

I have brought meta-physics in law, and in doing so forgot to mention that that was me serving you, for exactly everything I've mentioned above and more, both from my perspective and from Dan's perspective, if again he decides to, as I could see you as an extension of him, and him giving you all the directories, though that's not what I thought of him, unless of course my discernment was wrong about him.

You also breached my IP, and I say you to Foxtons the brand, as Mia was only doing the best the company allows her to do and in doing so self-indicted under your jurisdiction. But if you had any read through the email I sent, "Blog", you would've known that you have no jurisdiction over me, but I could have you fired at any given moment in time, as that document which you underestimated, as you undermine my authority, you are the first Estate Agent I get to use as example for the real estate industry and sales combined. When desperation meets potential.

I can see how accountability lacks from the top down, as you were unable to even address the real matter of the situation, but thought you had any authority to request to be removed from the list of the class action. I would suggest going through it yourself and see what your future entails.

Have a nice day and please do not reply if not to tell me if the flat is vacant or is habitated.

You don't have to worry about the money, cause that's a matter between me and Dan as he's the landlord and current owner. I do not need to go by you, especially after everything that has come up in these 2 years of witnessing your company.

Like I said, I keep track of everything. Even the conversation between me and you when I mentioned about buying, while if you read the email I have won the lottery, though the company for the same reasons I'm highlighting to you about your company, is trying to hide 1hour of transactions, but you still chose to delude people to think it was vacant.

One of the laws I'm proposing is when people choose policies over human consideration and I pardon you the weight, by putting the pressure on the company's lacks. SO count yourself blessed already.

No surprise it's taking you this long to find someone, karma is real and you're paying for it. Dan is clear, simply because I chose it, he understood when to stop self-indicting.

Thanks.
