Hi Chocolate City,

Nothing to be proud of, you lost your ways y'all. Why are you celebrating living life like your masters?! I don't understand the cognitive dissonance happening there...

Maybe you'll wake, maybe not, but you can never say you didn't know better, cause I'm showing you better.

This one publication is for you: <https://shshumanfirst.org/2026/09/23/the-only-liberation-africa-needs-is-from-outsiders-when-racism-is-necessary-for-protection/>

I am reaching out to your whole county, and this email is part of the humanitarian quest for freedom from the system you so happily invest in, and as I have made all the emails I create part of the content, humanity needs to know you were reached out, just like I did for all politicians, intelligent forces, 3 letter agencies, ngos, all authorities you can think of. I guess you were the last group I needed to hold accountable for lack of due diligence, negligence and avoidance to what is actually going on and the dake ceilings you seem to live under.

Same slavery it just happens you use the same tools of your masters, disguised as partners, employees, employers or land owners. You once had DC at a 71% blackness, what did you do with it and why didn't you take advantage of the opportunity it beats me... baffled and extremely disappointed.

Have a Divine day
